

TAHIR AHMED TARIQ

Flutter Developer | Mobile App Engineer | IoT

Islamabad, Pakistan • +92 348 4656704 • tahirahmad1127@gmail.com • [Portfolio](#)

PROFESSIONAL PROFILE

Flutter Developer with over a year of production experience building and shipping multi-role mobile applications, including an enterprise sales management app live on the Play Store and actively used by field teams. Skilled across state management (Provider, BLoC, GetX), clean architecture, REST/Firebase integration, widget testing, and performance profiling. Having a BS in Software Engineering from NUML Islamabad (CGPA 3.71). Former Chairman, ACM NUML Chapter.

CORE COMPETENCIES

Flutter & Dart

Flutter, Dart, Android, iOS | shipped production apps, widget & unit testing

Performance & Quality

Performance profiling & optimization, widget/unit testing, offline-first sync

UI/UX Engineering

Pixel-perfect implementation, custom painters, design systems, widget libraries

Architecture & State

Provider, BLoC, GetX, GetIt (DI), Clean Architecture, Either-pattern repositories

Backend & APIs

REST APIs, Firebase, session management, python

Tools & Workflow

Git, GitHub, Postman, Android Studio, VS Code, Figma

PROFESSIONAL EXPERIENCE

Flutter Developer | Sky Plus Solutions

Jan 2026 – Present

- Converted from summer intern to full-time developer; build and maintain production Flutter applications within an Agile team.
- Delivered and Maintaining SM Networking a production sales management platform now actively used by 13 order bookers, 91 distributors, and 6 TSMs, with new users onboarding daily.
- Guiding new-comers and interns along the way.

Flutter Developer (Internship) | Sky Plus Solutions

july 2025 – Sep 2025

- Built production Flutter features under senior engineer mentorship, gaining hands-on exposure to professional development workflows and code review practices.

Network Engineer (Internship) | Gharibwal Cement Limited

Jun 2023 – Aug 2023

- Completed a parallel Computer Networking internship in the Electrical/IT Department, gaining hands-on exposure to industrial networking infrastructure for one of Pakistan's largest cement manufacturers.

SELECTED PROJECTS

SM Networking — Enterprise Sales & Distribution Management App

Flutter · Provider + BLoC · GetIt · REST API · Firebase · PDF Generation | [Live on Google Play](#)

- Built the most complex app in this portfolio: role-based workflows for Order Bookers, Warehouse Managers, TSMs, and Distributors | in active daily use by the target business.
- Implemented PDF report generation, offline GPS tracking with Firestore sync on reconnect, and secure single-device session management.
- Wrote unit and widget tests to protect core role-based logic, and profiled the app to identify and fix performance bottlenecks in list rendering and data sync.

Carma — Ride-Sharing App

Flutter · Google Maps API · Firebase · REST API

- Built separate Driver and Passenger modules covering ride tracking, trip management, in-app wallet, notifications, and group ride creation.

Voltify — IoT Electricity Monitoring Platform (Final Year Project)

Flutter · Firebase · IoT · C++ · Python

- Combined a Flutter app with IoT hardware for real-time power monitoring across residential and commercial sites, with alerts to reduce electricity waste.
- Made the electricals of the house Automated and controlled through Mobile Application.

Ziarat-e-Harmain — Islamic Companion App

Flutter · Firebase · Node.js · Python · GetX

- Built prayer-time, Hijri/Gregorian calendar, and multilingual (English/Arabic/Urdu) features with full RTL layout support.
- Profiled and optimized app performance to keep prayer-time calculations and UI rendering smooth across lower-end Android devices.

Other projects: Workers Direct (recruitment CRM with OTP onboarding); Cinema Hiring App (job posting and application tracking for theaters) and more.

EDUCATION

BS Software Engineering | NUML Islamabad, GPA 3.71 (Feb 2022 – Feb 2026)

Intermediate, Pre-Engineering | Punjab Group of Colleges, Jhelum (2020 – 2022)

LEADERSHIP

- Chairman, ACM NUML Chapter | led chapter initiatives and technical events for the student ACM community.
- NSES (NUML Software Engineering Society) | Sports Branch Head
- GCL (Gharibwal Cement Limited) | Badminton Team Captain and GCL Sports Club Core Organizer.
